I am a Professor Doctor of International Economics at Hasan Kalyoncu University. I have a robust academic background that includes a bachelor's degree from Karadeniz Technical University and master's and PhD degrees from Gaziantep University. With over 16 years of research experience, I have an extensive publication record, including **61 articles, 17 proceedings, 7 book chapters, 1 book, and 12 projects**. My teaching portfolio covers a wide range of subjects such as International Economics, Microeconomics, Macroeconomics, Foreign Trade, Research Methods, Scientific Ethics, Entrepreneurial Economics, and Project Management. Additionally, I have 20 years of professional experience in Textile Export, Business Development, R&D, and Innovation, and I manage a company at the Hasan Kalyoncu University Incubation Centre. My **Google Scholar h-index is with more than 1000 citations**, and my **Web of Science h-index is 11 with around 300 citations**.

My research interests lie in Environmental Economics, Energy Economics, Climate Change, International Economics, and Public Policy. I have been actively involved in numerous editorial initiatives, serving as an Editor for prestigious journals such as Frontiers in Environmental Science, Humanities and Social Sciences Communications, Frontiers in Earth Science, and Discover Sustainability, as well as being an international scientific board member and reviewer for various scientific journals and conferences. Throughout my academic career, I have conducted over 200 peer-reviews and have reviewed for prestigious journals such as Sustainable Development, Applied Economics Letters, Resources Policy, Environment, Development and Sustainability, Natural Resources Forum, The International Trade Journal, and many others. My strong experience in coordinating training programs, field research, and project management for SMEs and public institutions further complements my academic and professional profile.
